ABOUT THE NEW YORK COUNCIL OF NONPROFITS
NYCON is a dynamic 501(c)3 nonprofit organization with three affiliate corporations dedicated to helping New York State’s nonprofits succeed by building their capacity for growth and community impact. NYCON has a voting membership body of 3,000 nonprofits comprised mostly of small- to moderate-sized, community-based organizations from all corners of the state. Our affiliate family of services is a one-stop resource, providing a full range of business and capacity-building information and services to NYCON members and non-members alike. Our seasoned team of nonprofit specialists provides accessible and affordable expert consulting, legal assistance, and customized training to meet the diverse needs of the nonprofit community. Additional offerings include free member webinars, exclusive access to discounted tools and programs, and a range of members-only insurance offerings. The NYCON family of services provides affordable innovative assistance in almost every area of operations and governance to help nonprofits develop desired sustainability and growth, fulfill their fiduciary obligations, and resolve the practical problems and issues faced.

The three affiliates in the NYCON Family, each with their own Board of Directors, are:

1) Council Services Plus (CS Plus): a for-profit social enterprise providing state-licensed, full-service insurance brokerage specializing in the small- to mid-sized nonprofit market. CS Plus is licensed in 11 states in addition to New York.
2) BoardStrong (formerly Governance Matters): an innovative and comprehensive online board-building nonprofit, complemented by customized direct services, that provides board recruitment and matching, board development consulting, and governance education. Currently focused on New York State, the BoardStrong.org site has the potential to provide these services to other states or nationally.
3) Good Causes (formerly Innovative Charitable Initiatives): a nonprofit offering fiscal sponsorship, employee administration, and a temporary home for programs in transition to emerging charitable groups nationwide.

There are 40 individual directors, including non-voting ex-officio directors, serving in total on NYCON and its affiliate Boards, with some individuals serving on more than one Board. NYCON’s Board, which is elected by the membership body, currently has 22 directors. BoardStrong has 18 directors, CS Plus has eight, and Good Causes has four. The CEO is an ex-officio, non-voting director on the BoardStrong and CS Plus Boards, but not on Good Causes for risk management purposes.

For 2021, the consolidated budgeted revenue for NYCON and its affiliates totals $4,735,470. Of this, the annual budget for NYCON itself is $2,840,690, including about $595,000 in recognized Payroll Protection Program (PPP) funding. NYCON is diversified in revenue sources receiving 16 percent of its funds from government contracts, the vast majority of which are from...
a long-term partnership with the New York State Council on the Arts; 15 percent in direct fee-for-service from client nonprofits, most of which a third-party philanthropic funder is the original source of the funds; 14 percent in foundation and United Way
grants; 13 percent from events, sponsorship, and fundraising; 13 percent from dues and related membership service fees; and eight percent from intercompany transactions with affiliates. Of note, is that all of the government contracts and
philanthropic grants (with the exception of one general operating grant) are largely based on NYCONâ€™s fee-for-service
business model. Also to note, NYCON is not as financially reliant on membership dues income and events as are typical
state associations.

NYCON has 20 full-time employees and one part-time employee, operating from four locations (Albany, Oneonta,
Poughkeepsie, and New York City) with the vast majority of employees, including the CEO, in the Albany corporate office.
CS Plus has 11 employees, all of whom report directly to CS Plusâ€™s President/CEO, who in turn is directly accountable to
its volunteer-led Board of Directors. Through a shared staffing arrangement, NYCON provides the administrative and
program staffing support for BoardStrong and Good Causes, with these staff members accountable to the NYCON CEO as
well as to their respective Boards.

Due to extensive travel during pre-pandemic times, several staff were accustomed to working remotely prior to the pandemic.
Currently, most NYCON staff have returned to a physical presence in the office similar to pre-pandemic times in accordance
with reopening planning by an employee workgroup and with consideration to individual employee circumstances.
