

Humana Vision Insurance

New York Council of Nonprofits, Inc.

Exclusive Member Program

We are proud to be partnering with **Humana Vision** with their Humana Vision 130 program for 2021!

Humana Vision members have access to one of the largest vision networks in the United States, with more than 22,500 participating optometrist and ophthalmologists - and everyone accepts new patients. Plus, members save on frames. They pay the wholesale price, avoiding high retail markups.

The cost of frames is the same at any provider location.

An Example of How You Can Save

With Humana's Vision Care Plan (VCP), you can save significantly on eye exams, frames, and lenses or contact lenses. In most cases, what you save on your annual exam covers your annual premium. For example: Anna's annual vision expenses without a vision care plan were around \$789. With Humana's vision plan, she can save more than 65% off the total retail cost.

Anna's VCP Vision Plan* (See table left)

- \$10 co-payment
- \$130 frame allowance
- \$15 standard lens copayment
- \$130 contact lens allowance

Frequencies: Examination: once every 12 months;
Lenses or contact lenses: once every 12 months;
20% discount on second pair of glasses or sunglasses.

Frames: Once every 24 months Anna decides to go to her in-network VCP provider to have an exam and purchase a new pair of glasses.

In this example, Anna had an annual eye exam and purchased glasses that included frames and lens upgrades.

Fine Print: Insured or administered by Humana Insurance Company, Humana Insurance Company of Kentucky, Humana Insurance Company of New York, CompBenefits Insurance Company, Humana Insurance Company, Humana Health Benefits Plan of Louisiana, or The Dental Concern, Inc. Plans are subject to limitations and exclusions.
